

How to use

0. Access to your classroom page.

When you access to your page, there would be posts you uploaded. Some posts would have attendance comments, others wouldn't because that is not for attendance but for announcements or assignments. You have to write a comment that contains which date the post intended to check for. For example, If a post was created to check students' attendance for 3/25, you have to write "[3/25 강의]" as a comment on your post. If this post was designed to check for several days, you have to write "[3/25 강의] [3/30 강의] [4/1 강의]".

1. Download google-classroom-attendance-check program and locate it at your Desktop.

Click green button [Code] and download files. [Code] - [Download Zip] - unzip files at Desktop.

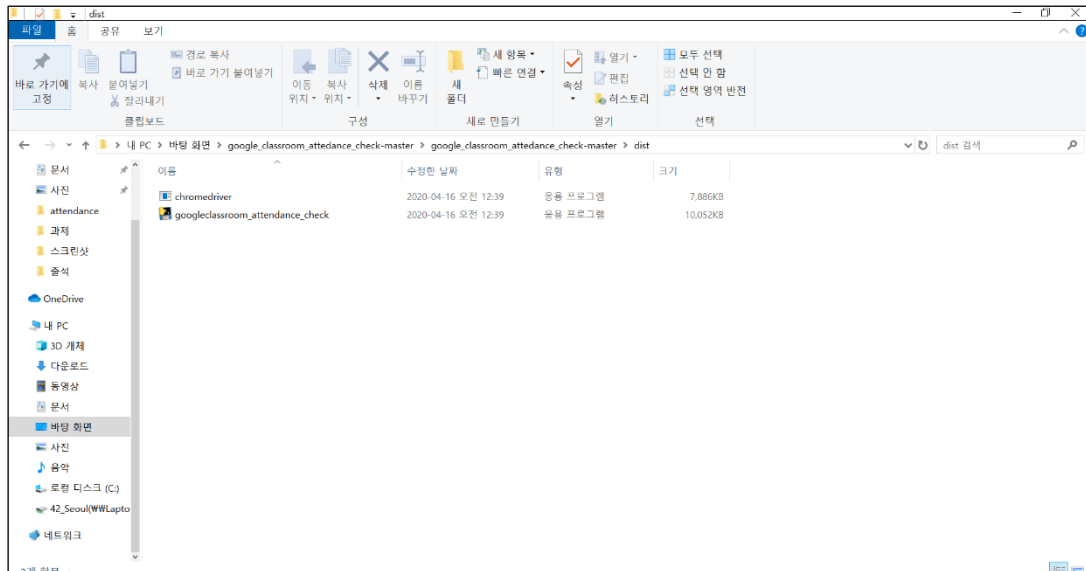

2. Check your chrome version.

Open a chrome page and check your chrome version.

You can check it with [click dots at the top-right of the screen] - [도움말] - [Chrome 정보]. For example, if your chrome version is expressed as "80.0.3987.163", that is chrome 80.

3. Copy chromedriver and Paste it at dist folder.

Move to a folder that you downloaded and located at your desktop. At chromedriver folder, there would be folders named "chrome 81, chrome 80, chrome 79". Enter the chrome XX folder corresponding to your chrome version. If your chrome version is 80, you have to enter chrome 80 folder. Then, you will be able to find chromedriver file. Copy it and paste to dist folder in parent-folder.

4. Execute googleclassroom_attendance_check file.

Execute google_classroom_attendance_check program in dist folder. Then you will be able to see black screen on your computer. Don't panic! Now you are ready to use automatic check program.

Information you have to enter

1. Students' name

Enter students' names separated by comma and space(,).

you will be irritated because there are so many students, but Once you write them in your notepad you can use it continually. After entering them, please press enter.

2. Day of week

If your class is progressed on Mon/Wed, Enter 월/수. If your class is progressed on Tue/Thu, Enter 화/목, You can enter 금 if your class is progressed on Friday.
